Silicon parts, replacement-set

Part Number: LCZE009

Features

- The silicone set consists of a) an L-tube and a flow adapter, both of which are required for external temperature control, b) a U-shaped silicone tube and two pump flow limiters for internal operation, c) two O-rings and a small L-tube for the drain plug.
- The installation and use of the silicone parts is described in detail in the operating instructions.
