

## PRODUCT DATA SHEET

Standing: 2023-11-07

LAUDA Versafreeze VF 60040

Upright Freezer 230 V; 50 Hz

Part Number: L003474

### Features

- Laboratory upright freezer with reliable monitoring and highly efficient insulation for long-term storage and quality assurance
- Comfortable touchscreen control unit with digital display for entering and calling up all safety-relevant values
- Limit values for high and low temperature alarm adjustable
- Protection against unauthorized access to setpoints through password-protected user management
- Electronic alarm system and potential-free contact for connection to an in-house alarm system or the central control system
- Display and alarm functions are maintained in the event of a power failure (battery backup)
- Interior completely made of stainless steel
- Seven inner compartments, each protected against loss of cold by an insulating door
- For long-term storage and quality assurance of organic substances and other materials
- Built-in data logger for storing temperature and alarm data
- IIOT ready via powerful Ethernet interface
- RS 485 interface for trouble-free data transfer
- Cooling coils blown into the sides ensure direct cold transfer from all sides, high freezing speed and uniform temperature distribution throughout the whole cabinet
- Energy-saving, maintenance-free refrigeration system with fully hermetic high-performance compressors
- Environmentally friendly, future-proof natural refrigerants
- Vacuum insulation means more storage space with a reduced footprint
- Two lead-throughs with an internal diameter of 13 mm as standard, for inserting control sensors, eg Type Pt100
- Magnetic sealing system reliably prevents the door / lid seals from freezing on

Reserve technical changes

### Options included

- Condenser cooling by water to reduce the heat dissipation to the environment
- Requires an on-site cooling water supply

LAUDA Versafreeze VF 60040

Upright Freezer 230 V; 50 Hz

Part Number: L003474

Working temperature min.  
-40 °C

Working temperature max.  
0 °C

### Technical Features

|                             |                                                     |
|-----------------------------|-----------------------------------------------------|
| Working temperature range   | -40 ... 0 °C                                        |
| Ambient temperature range   | 15 ... 28 °C                                        |
| Useable volume              | 584 L                                               |
| Interior dimensions (WxDxH) | 738 x 600 x 1320 mm                                 |
| Overall dimensions (WxDxH)  | 980 x 956 x 1965 mm                                 |
| Weight                      | 362 kg                                              |
| Cool down time              | from 20 °C to -40 °C in 6 h                         |
| Thawing time                | from -40 °C to 0 °C in 12 h                         |
| Energy consumption          | 7.5 kWh/d at -40 °C                                 |
| Refrigerant stage 1         | R-1270 (GWP 3); 0.145 kg; 0.0 t CO <sub>2</sub> -eq |
| Power supply                | 230 V; 50 Hz                                        |
| Power plug                  | Power cord with angled plug (CEE7/7)                |
